11. Students who participate at a team match event must participate in an Elementary School ballroom program during the same school year a team match is offered.

The student may NOT double-dance a style that is scheduled consecutively. **Information regarding students who double-dance must be submitted to the Team Match Registrar by the registration due date to ensure proper acknowledgement at the event. Double dancing is NOT permitted at BYU.** It is required that each school bring an alternate couple to BOTH the UVU and BYU team match events. Dancers may only dance on one team.

17. In order for a team to participate at the BYU STATE team match, a team must first qualify by participating at the Alpine Team Match event and provide a full team (4 couples assigned a specific dance and 1 alternate couple)

18. If there are not enough dancers for a school to create a team for the Alpine Team Match, then the school may seek couples from other schools. **Combined teams cannot qualify to attend or BYU State Team Match.** The school that has the need for the couples will be the represented team. (i.e: If Northridge doesn’t have enough students to create one team, then they can create a combined team and all the dancers will dance for the “Northridge” team.)

19. Final interpretation of these rules and regulations will be determined by *dänzinsküle Education Foundation* board and it’s members. Any concerns or questions regarding the rules or implied rules will be referred to the board.
